2020-2021 Peer Model Enrollment Application

The Roland Green Preschool offers a developmental program for children 3 to 5 years old. The program is designed in an integrated setting where children with disabilities are educated along with their typically developing peers. Concepts are presented in a thematic approach and the program is individualized to meet the needs of each child, but also follows the Commonwealth of Massachusetts guidelines to provide a solid beginning for students when they enter Kindergarten. Multi-sensory and hands-on experiences provide learning opportunities in social/emotional, language, motor and cognitive areas.

Our school consists of seven integrated classrooms where typically developing peers and students with disabilities are educated together. All Roland Green teachers are highly qualified teachers, certified in Special Education.

- Peer model students have the opportunity for a developmental screening if:
 - The child is 3 years old on or before September 1, 2020.
 - The child is toilet trained at the time of enrollment.
- The attached forms- Application and Parent Rating Form- must be completed and returned.
- Has your child has ever been evaluated through an agency or privately or through a school department? YES ___ OR NO ___
 - Please provide copies of any evaluation information that you have to assist us in knowing your child as well as possible.
- The Roland Green teachers will review all the information on the screened applicant and determine if the child is an appropriate peer model.
 - The Roland Green office will notify you by mail/email with that approval and, if you choose, a deposit to hold the applicants spot in a classroom.
- *Placement is based on eligibility and availability.*
- All of these forms should be returned to (by mail, email or fax)
